

## **Emergency Assistance Plan for:**

### Welland Scuba Park Dive Trip

**In a Medical Emergency:** Call 911.

Stay with the patient, protect yourself with the necessary safety precautions E.g. gloves, pocket mask, etc.

Ensure patient receives the appropriate first aid, including, but not limited to CPR, Emergency Oxygen, Fluids as required. Ensure the diver is comfortable and warm. Maintain this until the EMS people arrive.

If conscious ask the patient questions as noted on the attached **Information pertaining to an accident** sheet. Ask any other divers who may have witnessed the incident questions as well. Record only factual answers on the attached form. Do not be judgemental.

If the patient is being transported to a medical facility, ask the EMS people which facility they are going to.

**Nearest Medical Facility:** Niagara Health – Welland Site, 65 Third St., Welland, Ontario L3B 4W6
